This list is frequently updated but as places are being allocated on a daily basis, the place you have selected may not be available.

Where possible, please choose two courses in order of preference. Please ensure you are selecting place(s) for the provider group you have been recommended for.

If you are applying for a place that is some months away, please be patient. There may be a delay before we can respond to your application, as we have to give priority to those courses taking place earlier.
